But...
I didn't
know
they
had
gone
that
far...

I knew
they got
along well...
no, I knew
they were
lovers...

Onee-chan...
and Kona-
chan...were
having sex...

What is this...?
This...fuzzy...
unpleasant...
feeling...
it's strange...

Huh...?

Or from...
finding out
they're
having
sex...?

Is it from...
my sister
being taken
away...?

Uwah...
It's so...s...
strange...

Or is
it...

I
should-
n't...
but...

モ、バ
モ、バ

I
should-
n't...

I-I
shouldn't
be doing
this kind
of thing...
while
thinking
about
them...

It's all right...

Kagami-san isn't going far away or anything.

...Going back to what I said before, what's lost is filled in.

Not far away, just lost a bit... of our bond.

don't you think it comes from having lost a bit of that bond?

Applying this way of thinking to how you feel now, your sense of isolation from Kagami-san...

Yes, according to some people you have a fixed amount of bonds where losing one is filled by another to maintain equilibrium at all times...

A bond? ...Like with friends?

Tsukasa-san...do you know what a bond is?

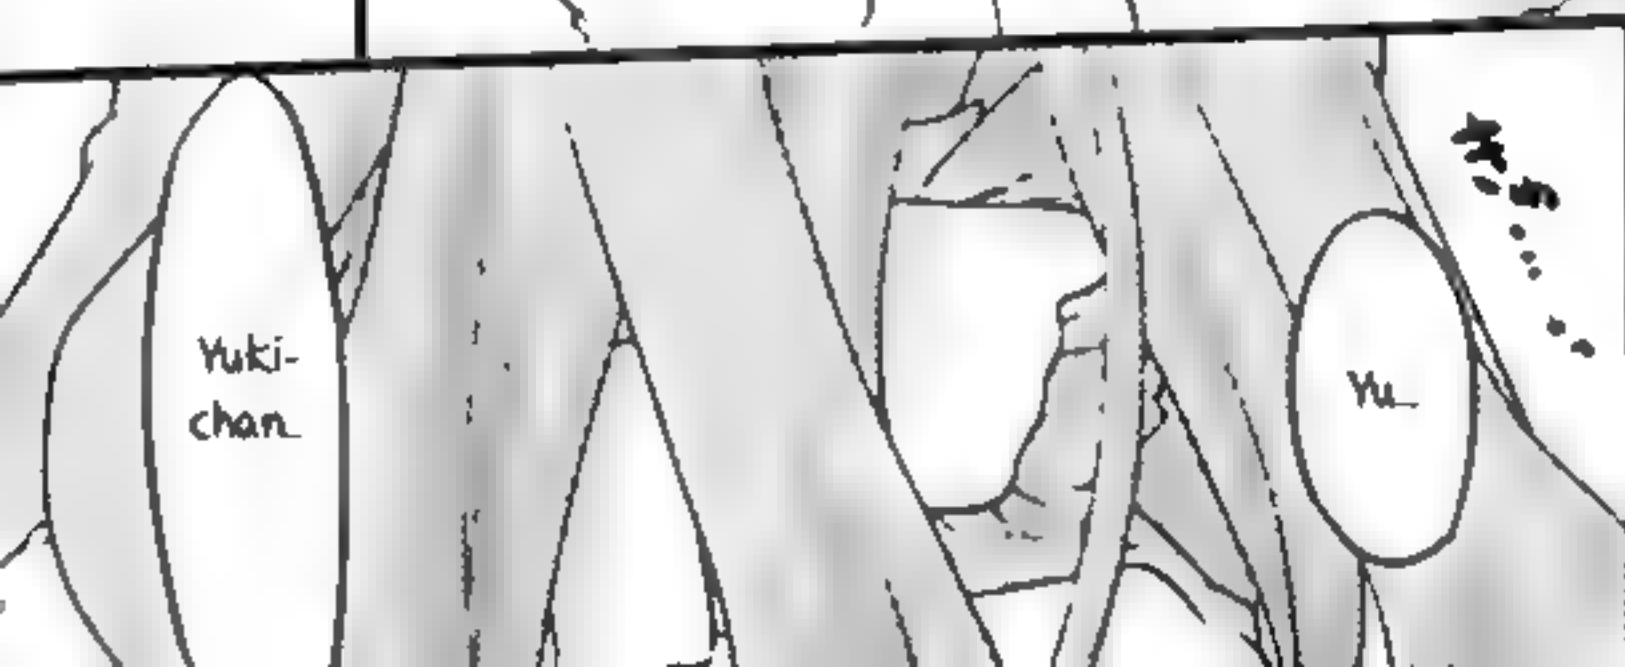

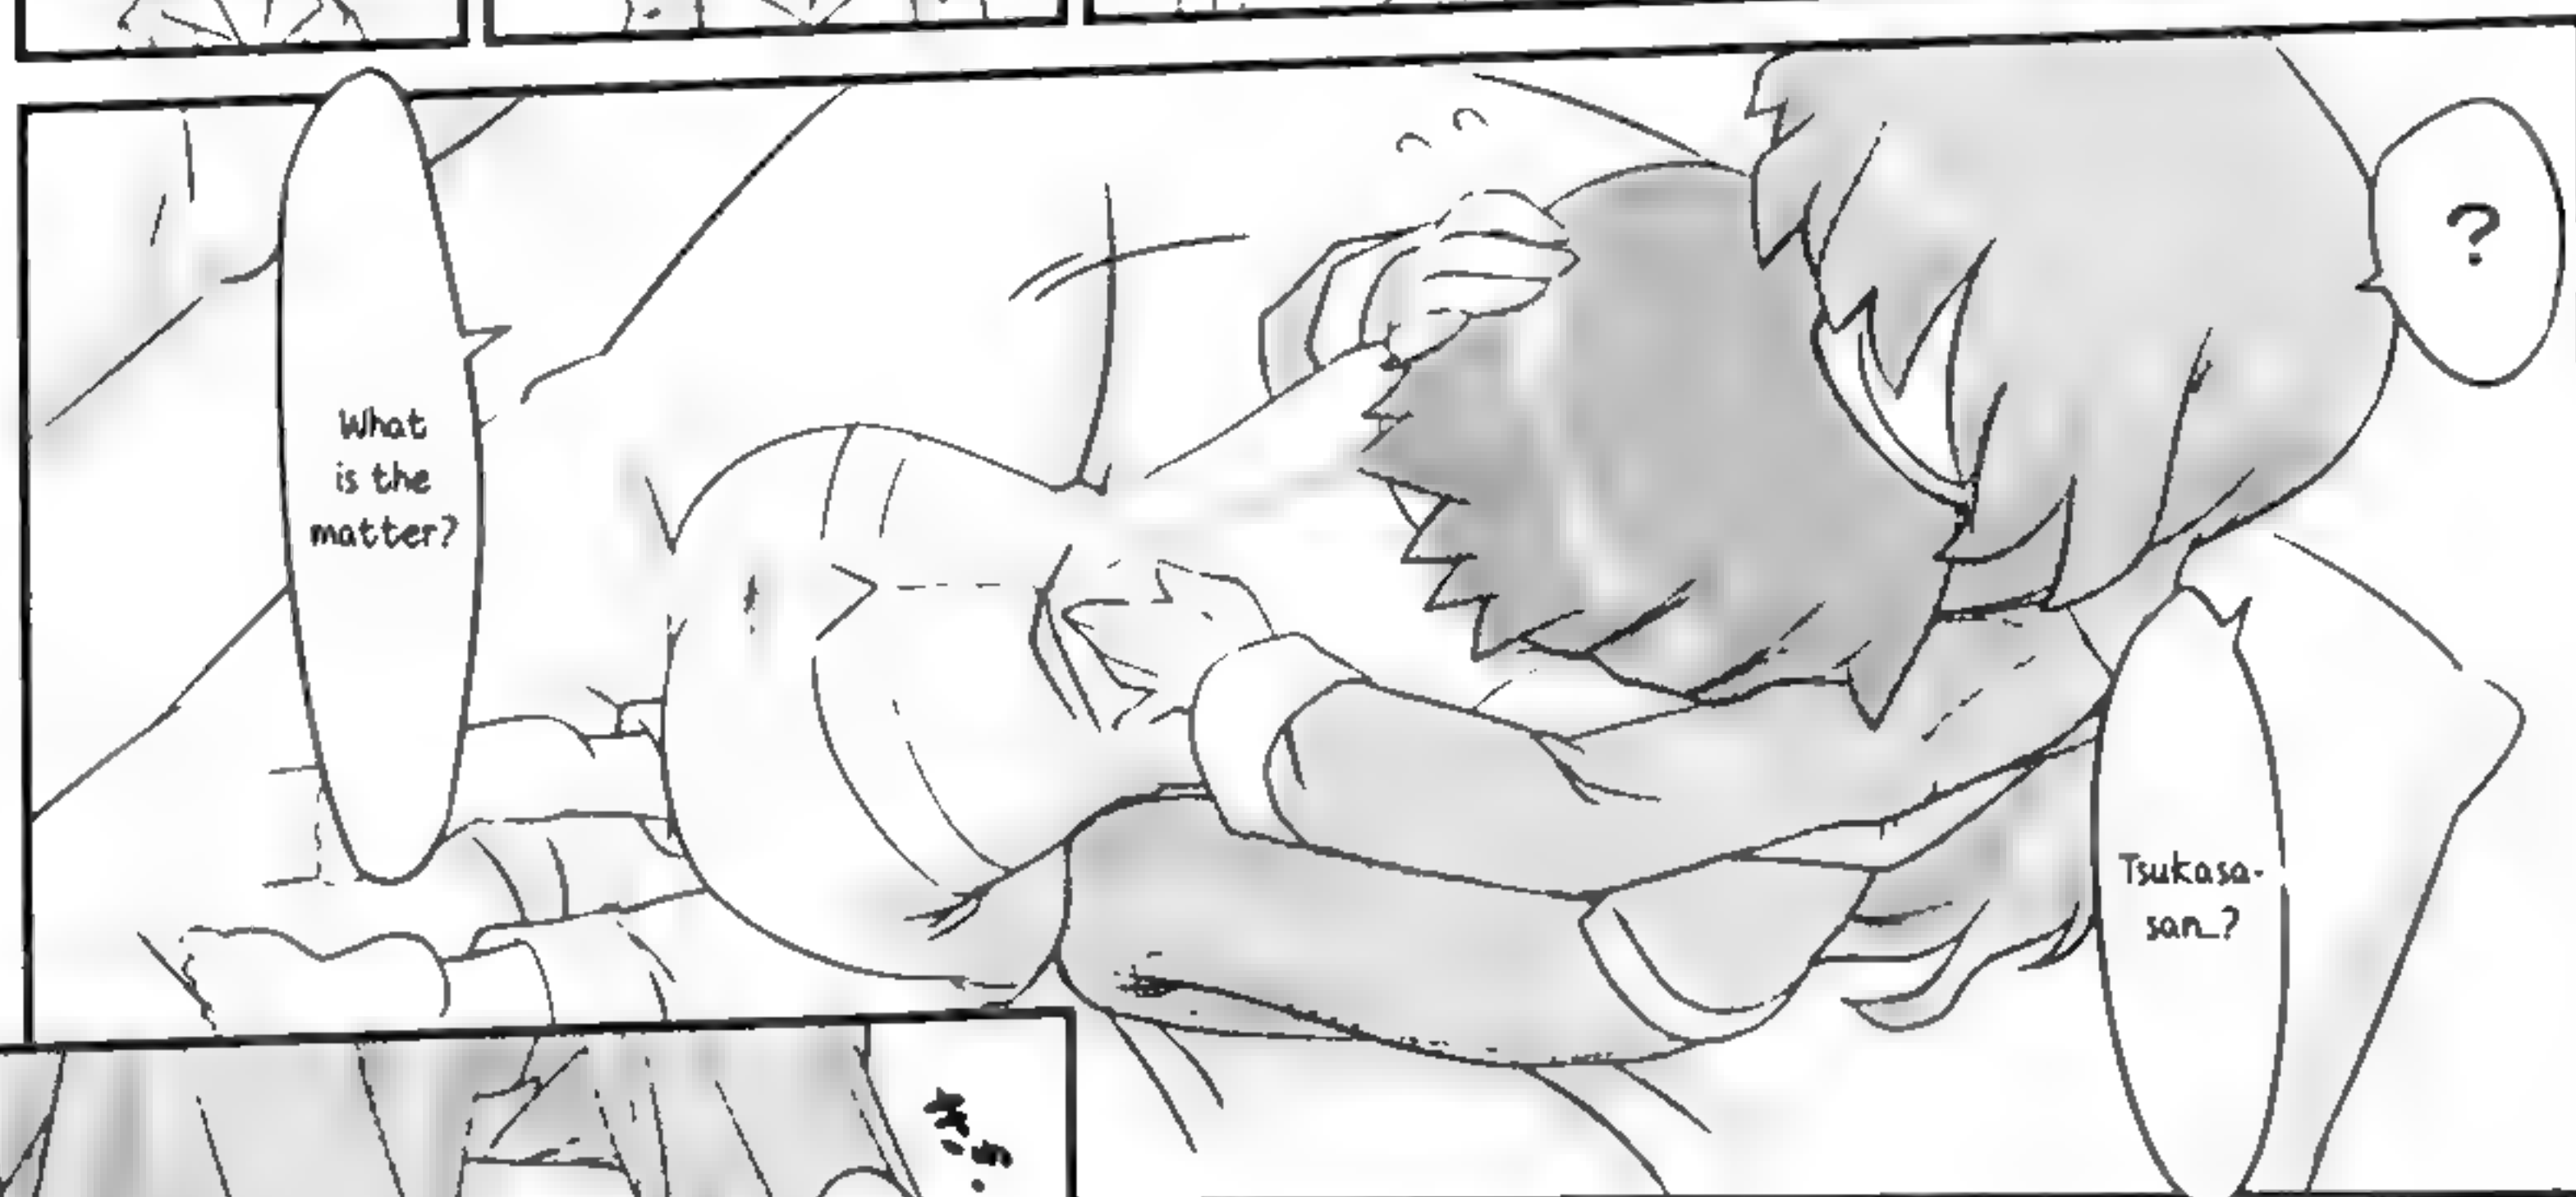

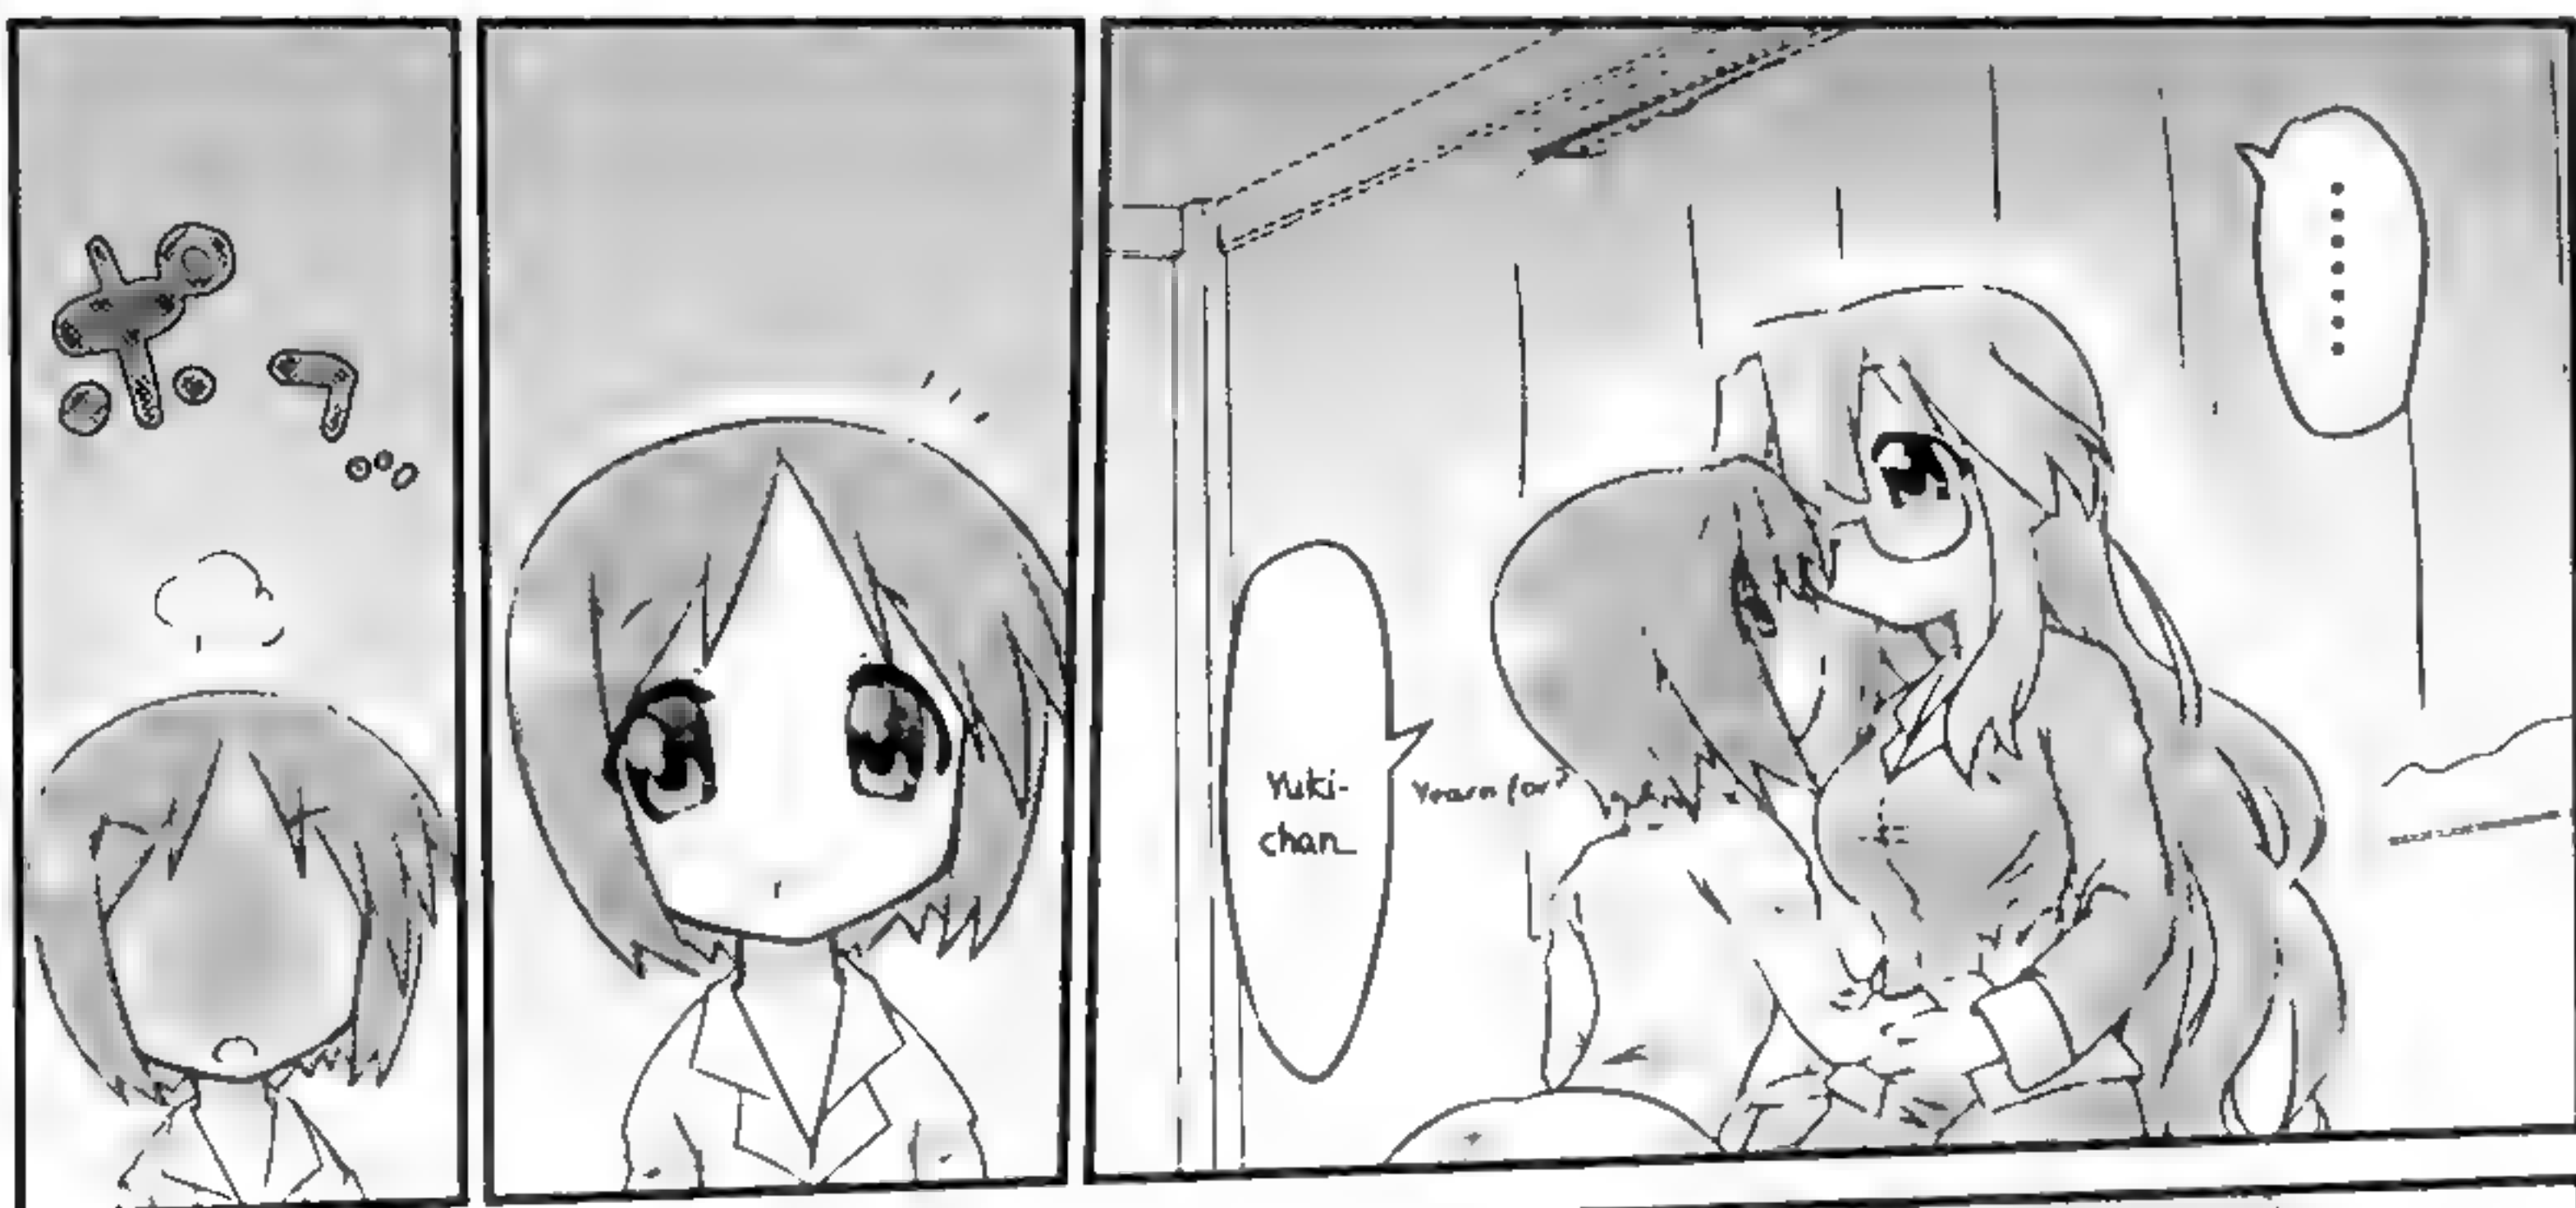

Th- that is...what I want to say is...

...That's... what I'm thinking...

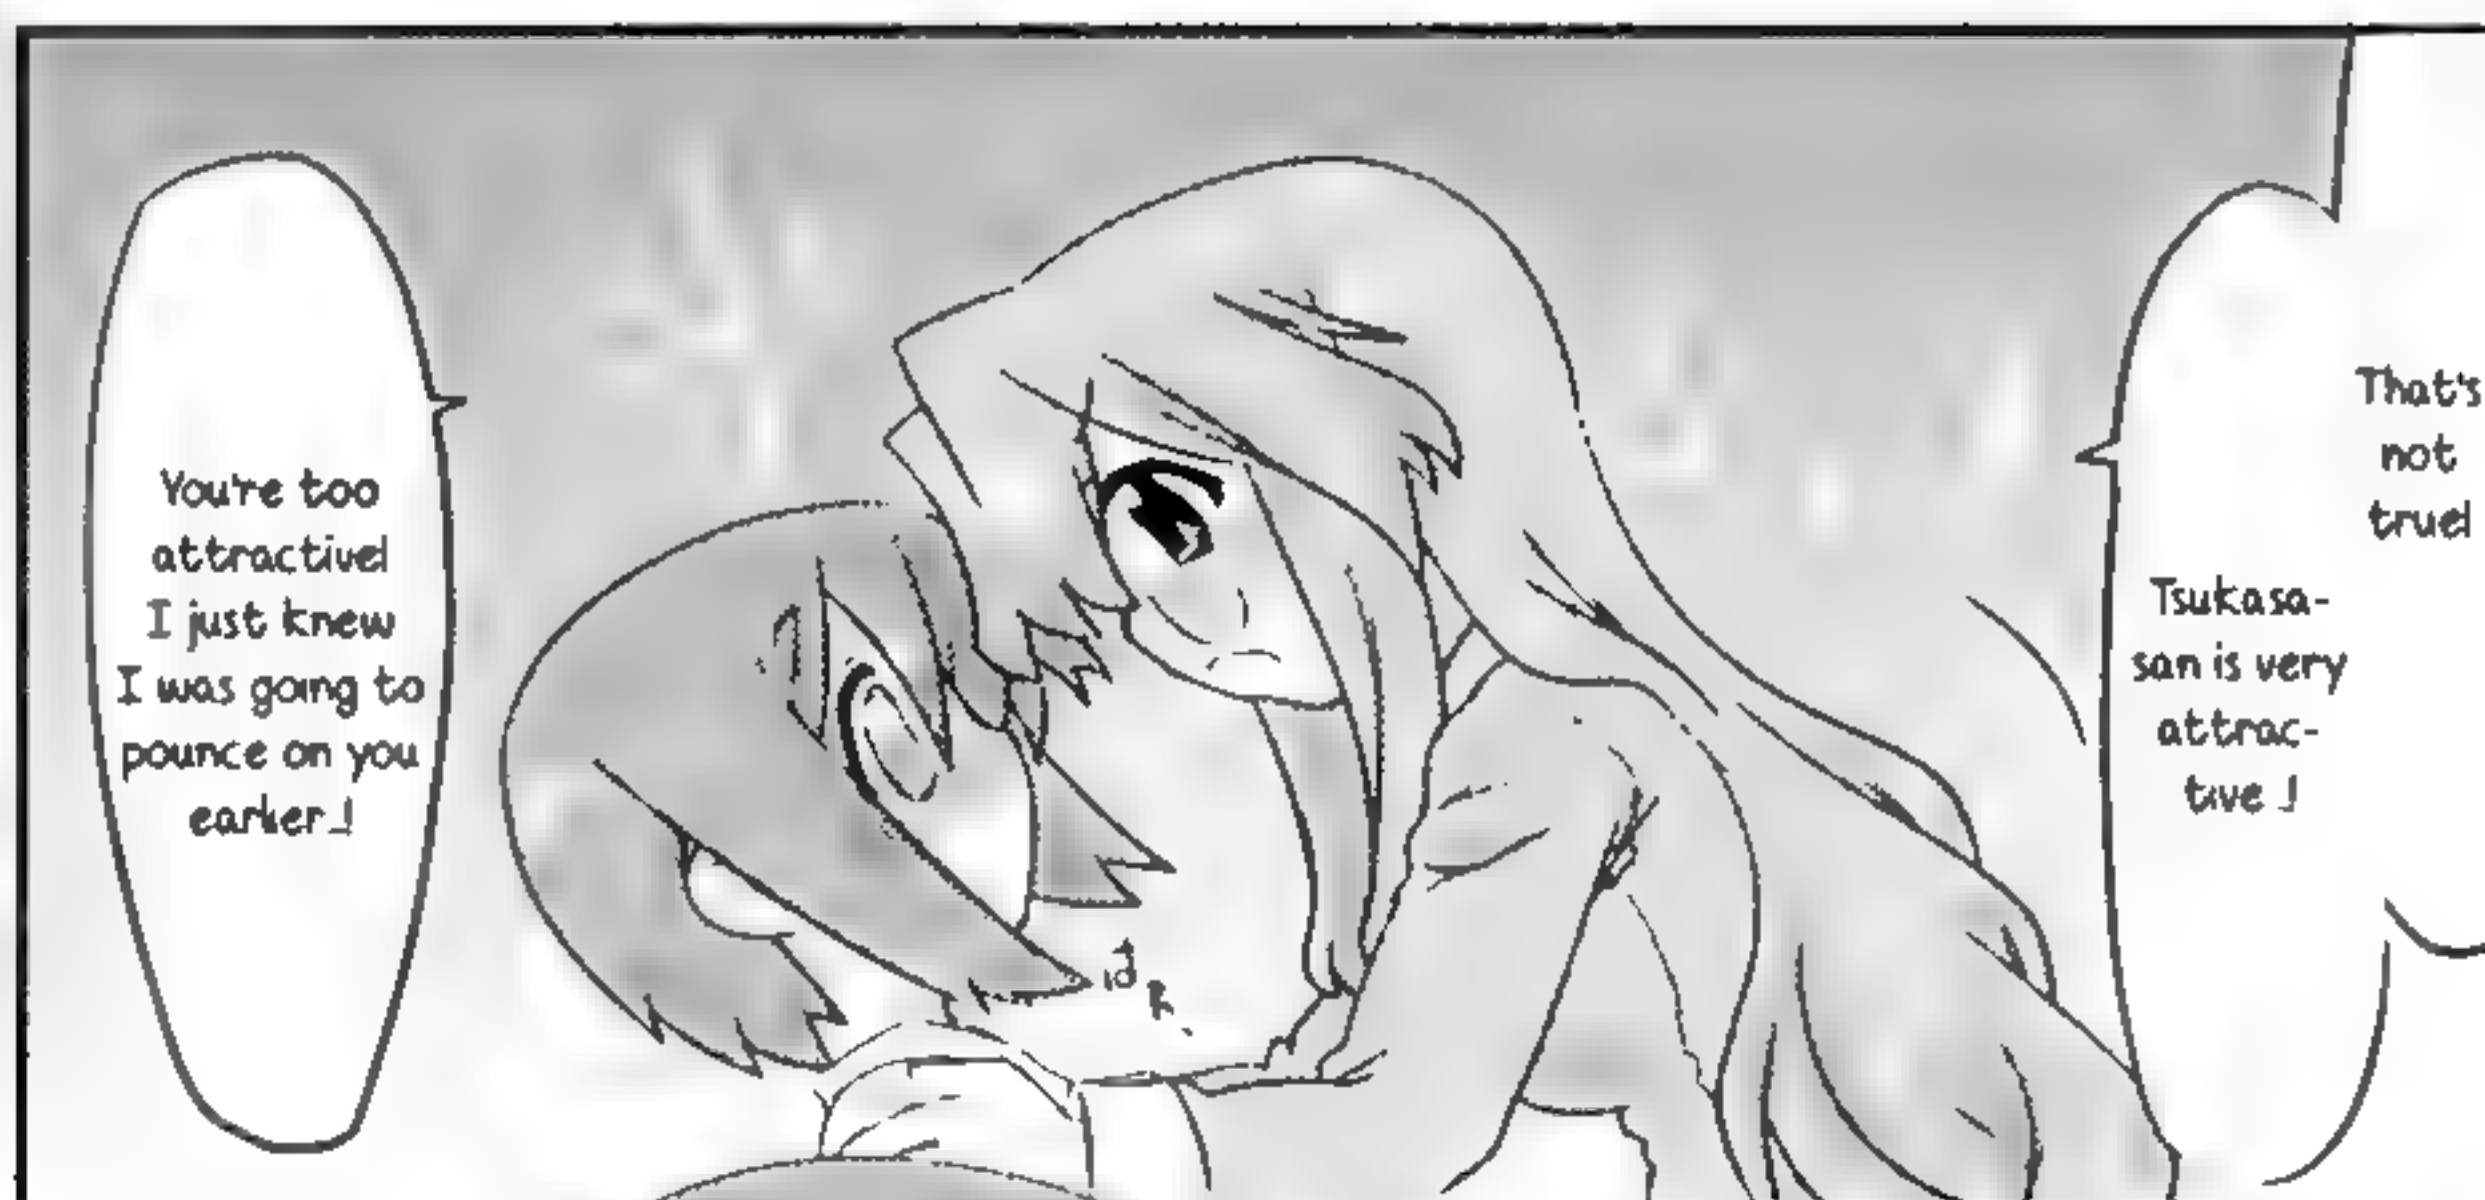

I want to protect you, I want to embrace you...

I want to offer to cure your loneliness...

...Right now, I want to increase my bond with Tsukasa-san...

That's not true!

Tsukasa-san is very attractive!

but more than that...

It's shameful

I would let you do it...you know-?

I'll do it...!

If it's Yuki-chan...

In any case, she's not against it...

Yeah...

Tsukasa-san is just as embarrassed...!

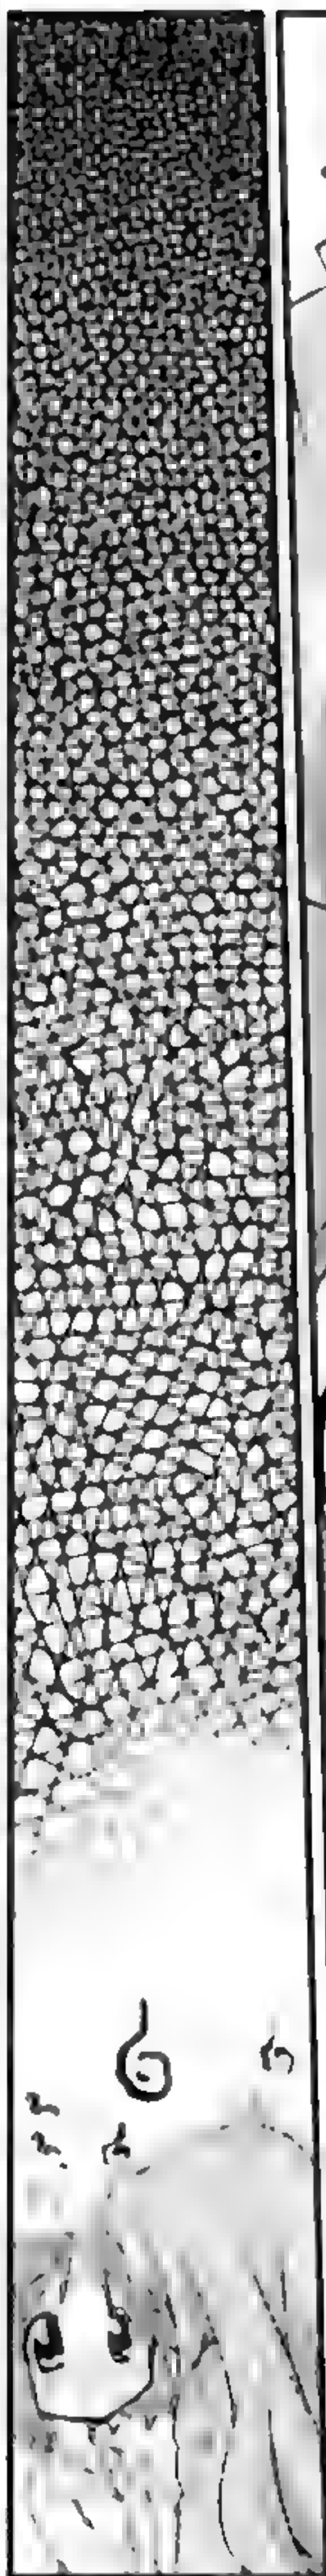

It's a maiden's shame not to accept

Tsukasa-san!

too

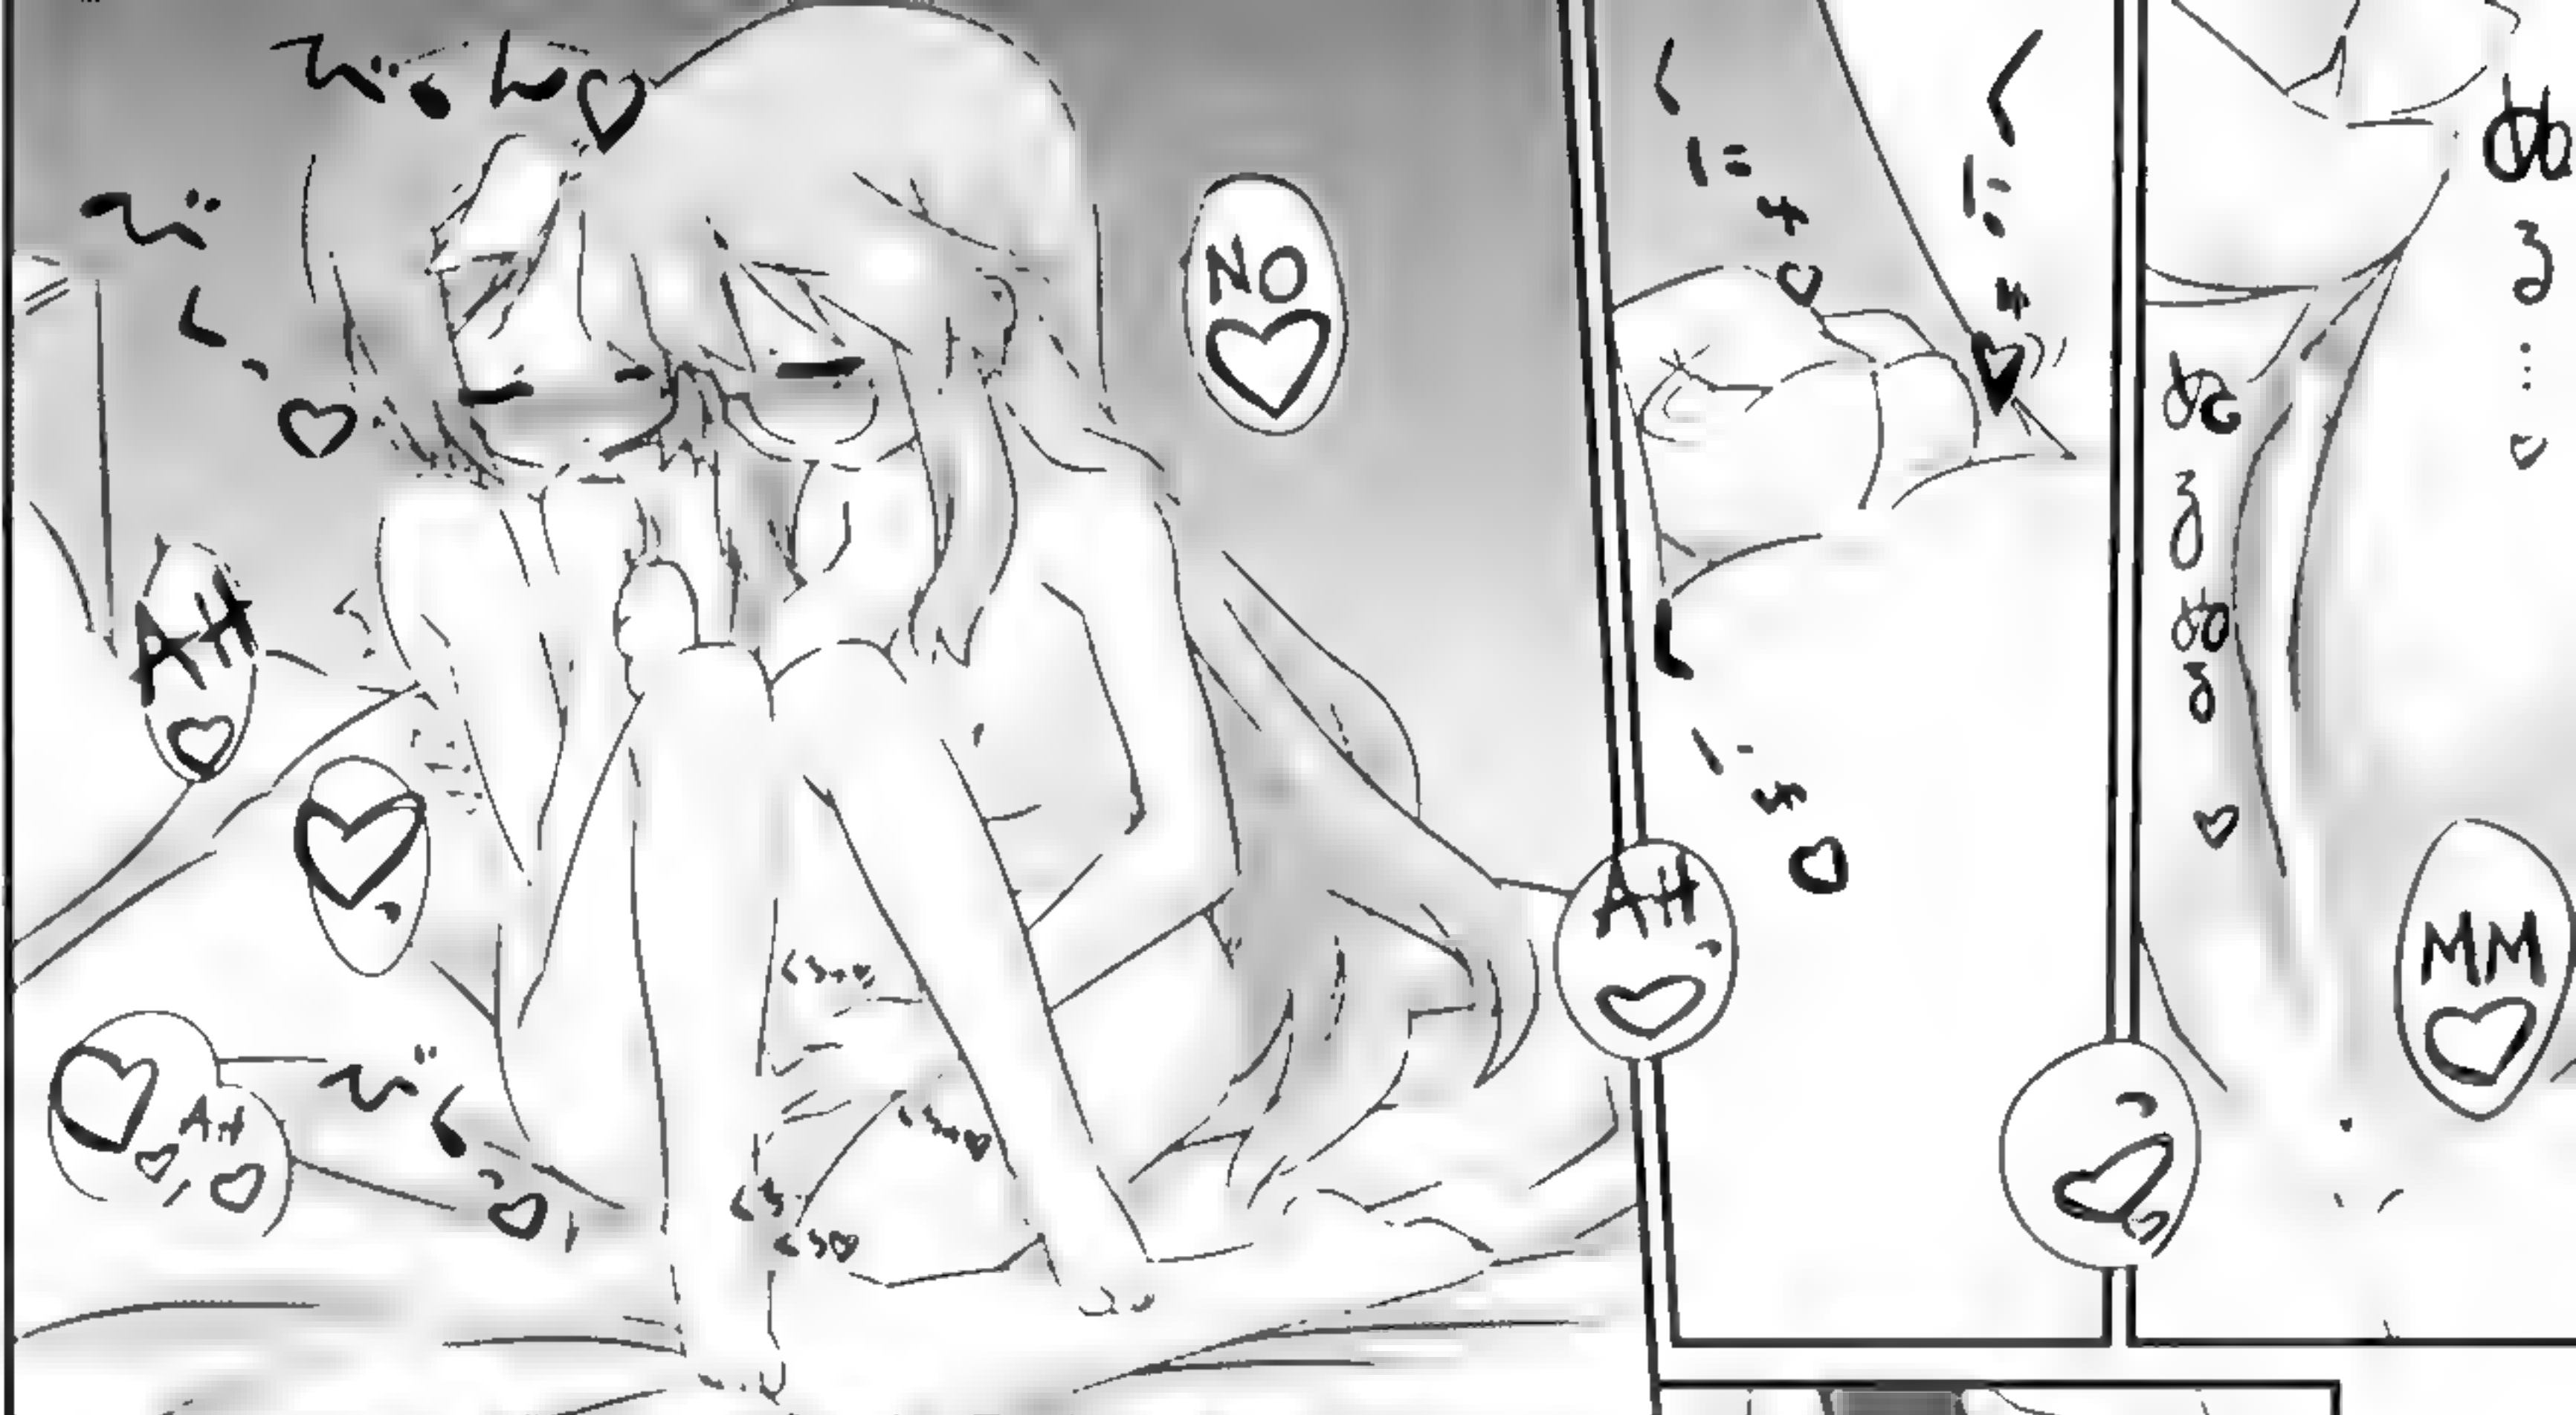

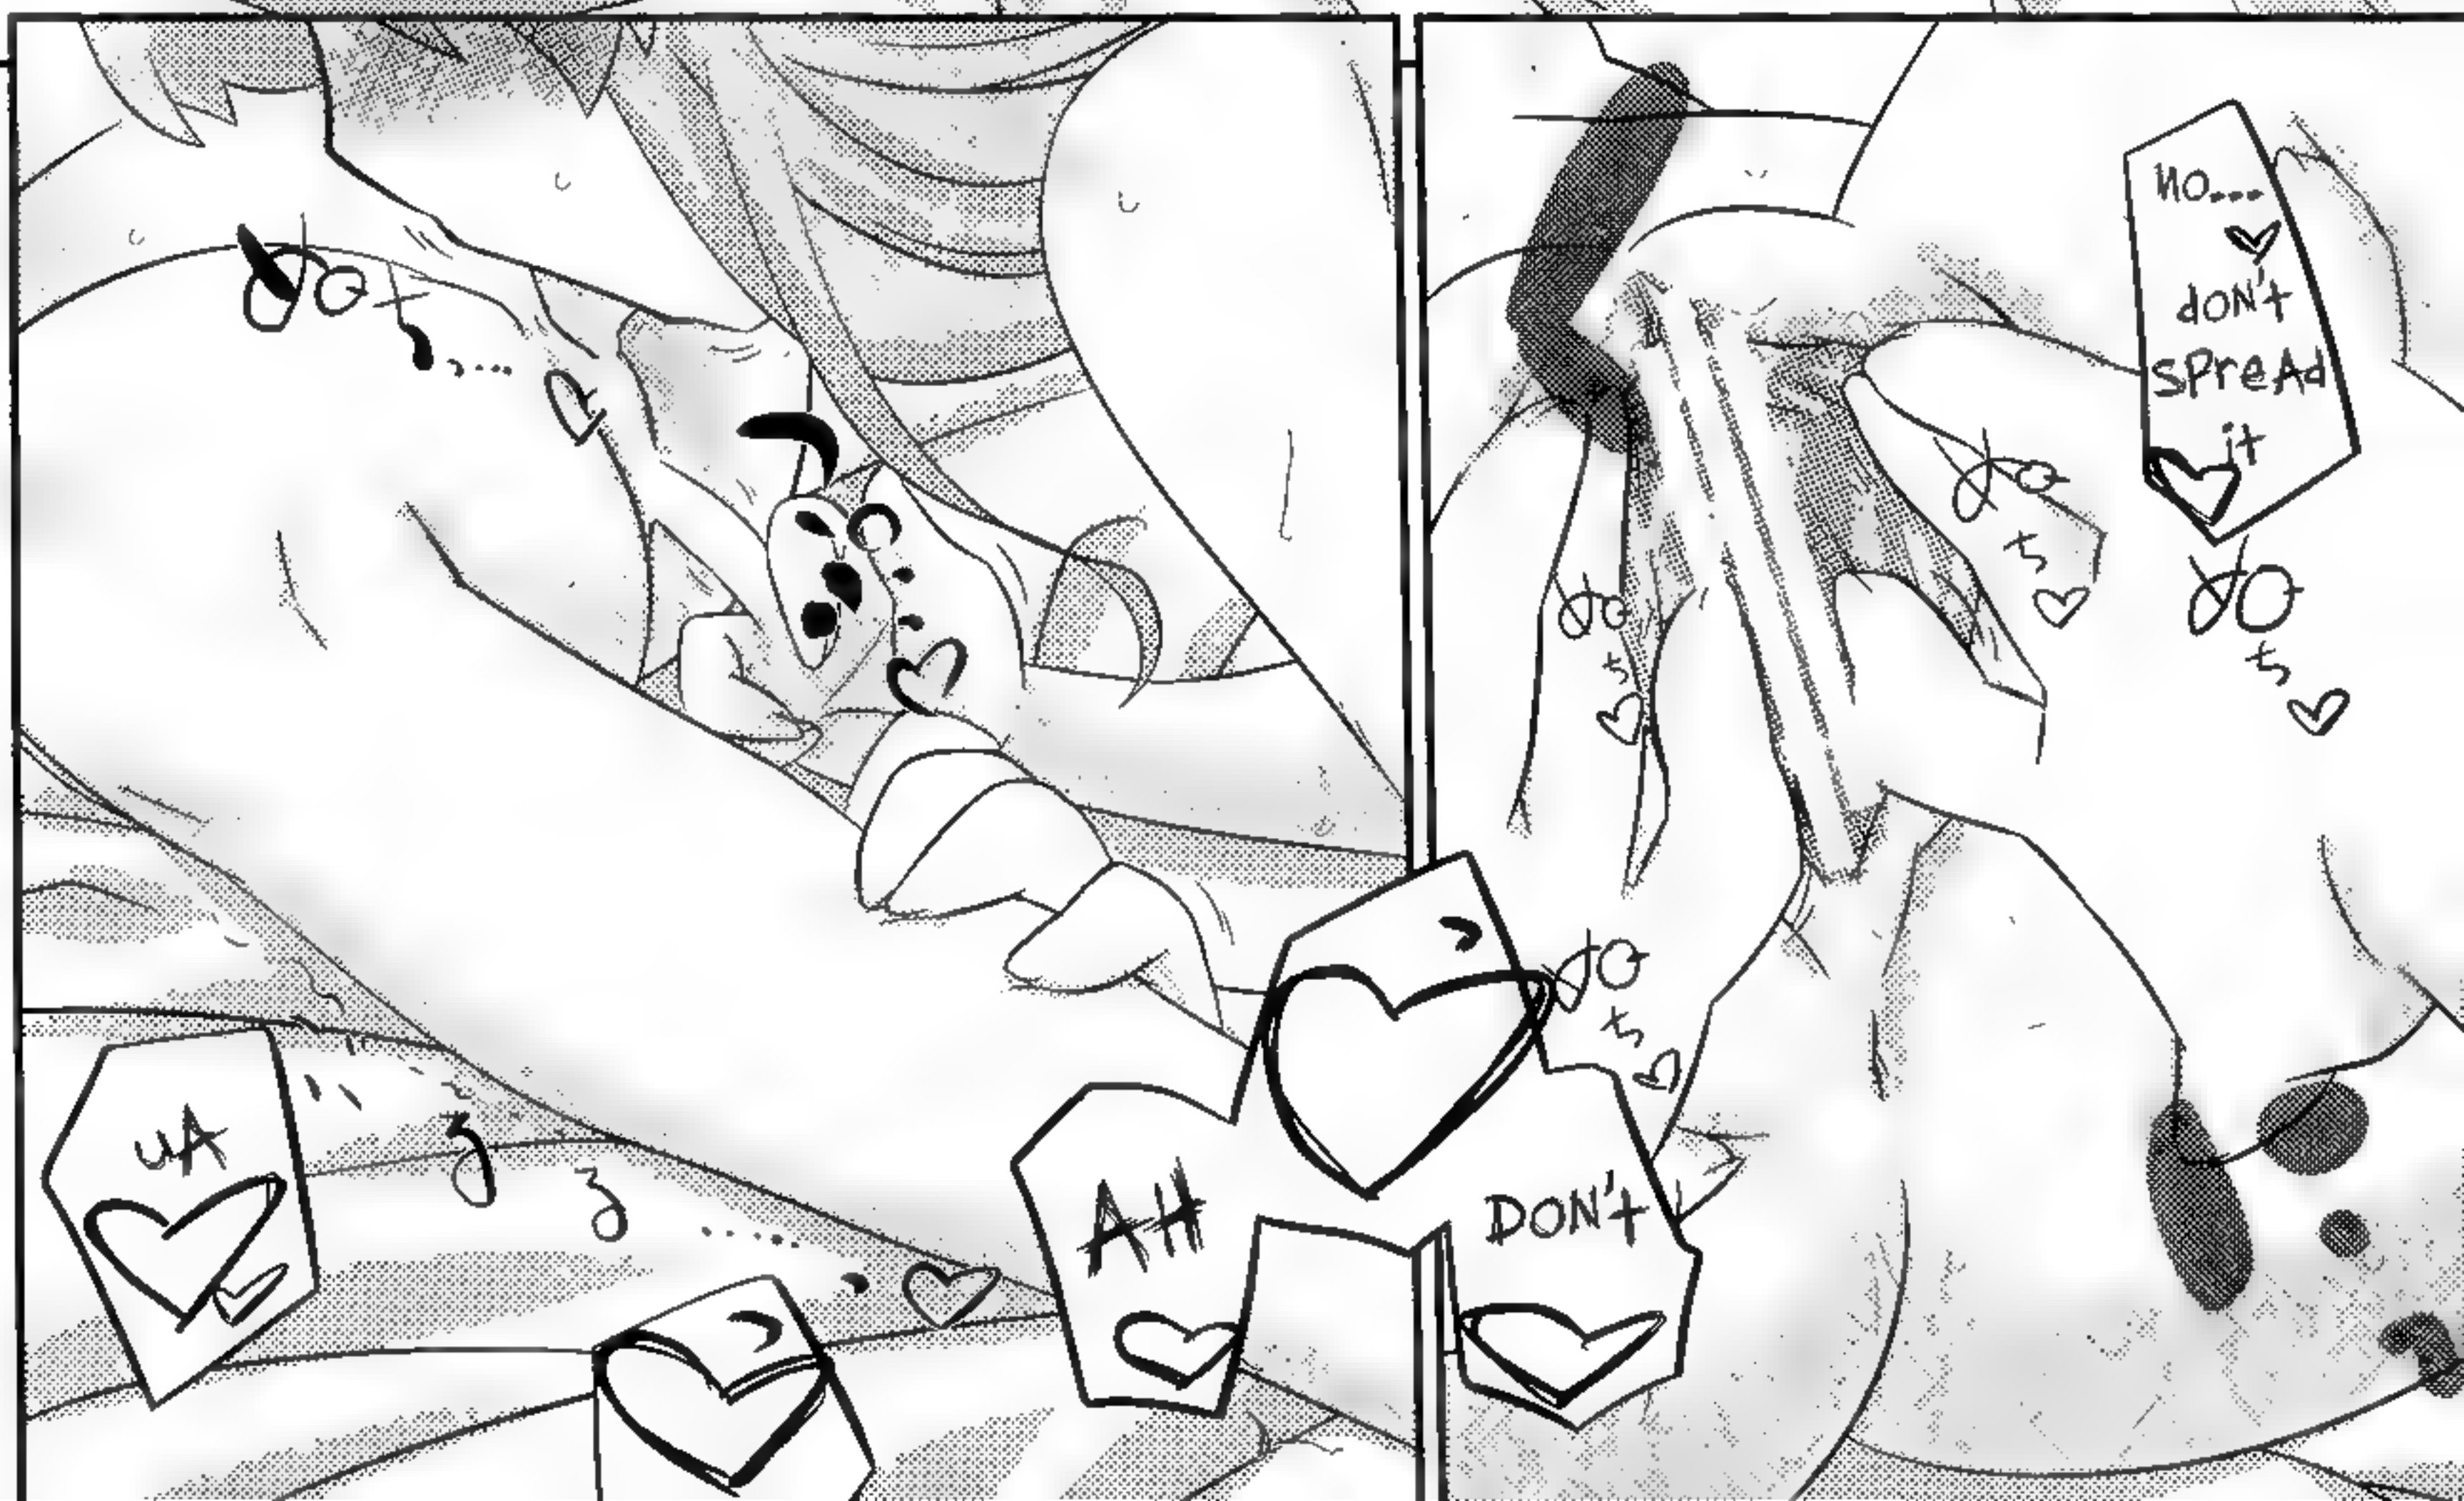

Ferry old man?

My dad told me not to call people that but I've seen it

There are other kinds but I like "ferry old man" people

Yeah

They're people who think about having sex who have a tiny perverted old man riding on tip of their head

No I didn't have sex be ause I saw it, you know?

I didn't tell you

—

I

Um I've felt my heart pound a lot of times

when I'm around Yuki chan that's why

Um

Yuki chan

Yes?

I've fallen
in love with
her all over
again...

yes...

Yuki-chan...
this time
it's my turn
right?

Leave it to
Tsukasa-san...
Even though I
just fell in love
with her earlier...

Nice to meet you, newcomers.
Long time no see, everyone else.

This time I did a MiyuTsuka Lucky Star book.
Thank you for picking it up!
Thank you to my always gallant assistant,
VISION-san!

With that said! I've barely made it this time, as well...orz
Even though in my brain I expected to make 3 books...lol
.....yeah.

As you can imagine, I was occupied with games again.
I'm always thinking "Surely this time!"...that's a bad habit.
But...I was so close to achieving captain in Sangokushi
Taisen!

That's all I ended up doing!

...Right!?

But I did make it to captain thanks to that!

(Then I immediately rushed out 1 story lol)

...yeah.

Next time...! lol

Now then, still waiting on ver3.5.

Speaking of that, Monster Hunter 3 is out!
I placed a reservation for a black Wii and black classic controller.
Still, it looks like there's a big reduction in the number of weapons...
I'm glad they left in hammers...!
The hunting whistle has disappeared...orz
Will the Kirin armor be all right?...

...Looks like I haven't learned my lesson...

lol

Thank you for reading.
